WHY SHOULD YOU SELL SPECIAL EQUIPMENT?

The Packard Factory, for obvious reasons, must produce a standard car; every car must be exactly like all others.

The average Packard purchaser wants his car to be a reflection of his own individuality. For this reason he buys CUSTOM BUILT HEAD LAMPS, DISTEEL WHEELS, or such other items as may materially alter the appearance of his car. He also wants purely utility items best suited to his particular requirements, such as DOUBLE TIRE CARRIERS, FRONT AND REAR BUMPERS, TRUNKS, and so on.

The open market does not ordinarily provide the type or the quality of special equipment suitable for use with Packard cars; consequently, The Accessory Division of Packard-Chicago has been organized to produce and to search the market for better items of equipment as a special service to the owners and drivers of Packard cars and trucks.

All the merchandise which we manufacture or have gathered from various sources is presented to you in this book, with our list and wholesale prices. You will find that the sale of the items listed herewith will materially promote the sale of new vehicles and at the same time provide a substantial profit.

ACCESSORY PRICE SHEET — CONFIDENTIAL

Owing to market conditions, all merchandise is offered at prices subject to change without notice.

All prices appearing in this Confidential Accessory Price Book include war tax.

From time to time you will receive revised or additional sheets for this book, which will keep you constantly informed of all price changes or additions to our line.

Terms: net, f.o.b. Chicago.

LUCKSTONE TUBES

	List	Wholesale
E 3078 33X4½	\$4.78	\$3.35
E 3084 35X5	6.00	4.20

Luckstone tubes are guaranteed without reserve for a period of one year against defects in material and workmanship.

After selling Luckstone tubes for a period of two years, and after continuous use on demonstrators and other Company cars, we are safe in saying that WE KNOW OF NO BETTER TUBE.

Our sale of inner tubes has increased more than 100% since placing this number in our line. It is especially adapted for use with cord casings.

T R U N K S

For the Twin-Six

	List	Wholesale
E 510 Trunk Right Fender 3 Suit Case	\$69.00	\$55.30
E 511 Trunk Left Fender 5 Suit Case	69.00	55.30
E 514 Trunk Right Fender 3 Suit Case	75.00	59.50
E 515 Trunk Left Fender 3 Suit Case	75.00	59.50
E 506 Trunk Running Board Flat 2 Suit Case	57.50	42.25
E 507 Trunk Running Board Upright 2 Suit Case	70.00	56.00
E 508 Trunk Running Board Upright 4 Suit Case	97.50	72.50

See following page

T R U N K S-continued

	List	Wholesale
E 513 Trunk Sport or Gulf	\$45.00	\$34.60
E 509 Trunk Tire	27.50	20.30
For the Single-Six		
E 520 Trunk Left Fender 3 Suit Case ✓	62.50	50.75

Packard Kamlee Trunks are made according to our own specifications. They conform to both body and fender curvatures of Packard carriages. They are constructed 3-ply Bass Wood Veneer and covered with high grade enameled duck. All edges and corners are re-inforced and leather bound. The hood, which is used on all upright trunks, protects the hardware. Complete with attaching irons and nickel plated bushings for running board.

Your particular attention is directed to the saving in ordering trunks in quantities. An assortment of twelve or more trunks entitles you to the quantity price.

S E A T C O V E R S

	List	Wholesale
Standard Twin-Six Touring 7-Passenger	\$120.00	\$80.00
Standard Twin-Six Phaeton 5 Passenger	100.00	66.65
Standard Twin-Six Roadster 2-Passenger	60.00	40.00
Standard Single-Six Touring	90.00	60.00
Standard Single-Six Roadster	45.00	30.00

Our seat covers are built in our Trim Shops by operators that are working on Packard Cars exclusively.

Standard material for Twin-Six is a 3 ply waterproof bonded goods to match top lining. The cost of attaching should not exceed \$10.00.

CURTAINS: VICTORIA & REAR

	List	Wholesale
E 6245 Curtain Victoria Type, Side, Twin -Six	67.50	45.00
E 6241 Curtain Rear for 3rd Series Cars	60.00	40.00
E 6242 Curtain Rear for 1st & 2nd Series Cars	52.50	35.00

The Victoria Side Curtains add greatly to the appearance of the car. These side curtains also include the storm curtains that fasten to the forward part of the Victoria and carry up to the front of the rear door.

Owing to the raising and lowering of the top, the rear curtain is subject to hard usage that often destroys its appearance. Our rear curtains are made of the same materials as the corresponding top materials and linings and contain two 8" X 16" Plate Glass Oval Windows.

CUSTOM BUILT LAMPS

	List	Wholesale
E 1101 Headlamp Packard Bezel door (Pair) 12" Custom Built	\$90.00	\$60.00
E 1102 Headlamp Packard Bezel door (Pair) 10" Custom Built	75.00	50.00
E 1195 Brackets Nickel Plated for attaching E 1190 to Twin-Six	45.00	30.00
E 1196 Brackets Nickel Plated for attaching E 1191 to Twin-Six	45.00	30.00
E 1199 Brackets Nickel Plated for attaching E 1191 to Single-Six	40.00	27.50
E 1186 Sidelamp Packard Bezel door (Pair) Custom Built	25.00	18.75
E 1198 Brackets Nickel Plated for attaching E 1185 to Twin-Six	6.50	4.35

CUSTOM BUILT LAMPS-continued

	List	Wholesale
E 1180 Rearlamp	\$12.00	\$9.35
E 1197 Brackets Black enamel for attaching E 1180 to Twin-Six	3.00	2.00

Custom Built Headlamps, Side Lamps, and Rear Lamps have proven to be much more popular than we anticipated a year ago. They add so materially to the appearance of the standard Twin-Six, either open or closed jobs, that it is becoming more and more difficult to sell a standard job without them.

The headlamps and side lamps are of German Silver throughout nickel plated. The head lamps are equipped with standard Packard connectors which cuts down the cost of installation. They afford a remarkable driving light on account of the large parabolic reflectors and the 50 candle power nitrogen bulbs with which they are fitted. The light is pure white, intense, and spreads from side to side of the road, covering the ditches on either side. The lense is high grade plate, hand cut in parallel ribs, and so controls the light that it is possible to look directly into the lamp from the driver's position without blinding.

The brackets for attaching these lamps to standard Packard jobs have

See following page

GENERAL ACCESSORY DIVISION

PACKARD MOTOR CAR COMPANY OF CHICAGO

DRIVER'S DE-LIGHT

	List	Wholesale
E 1151 3-35 Left, Black	\$10.00	\$7.20
E 1152 3-35 Right, Black	10.00	7.20
E 1153 3-35 Nickel, Left	12.00	8.25
E 1154 3-35 Nickel, Right	12.00	8.25
E 1155 2-35 Black, Left	10.00	7.20
E 1156 1-35 Nickel Door	10.00	7.20
E 1148 Single-Six Left, Black	10.00	7.20
E 1158 Single-Six Left, Nickel	12.00	8.25

See following page

## DRIVER'S DE-LIGHT - continued

	List	Wholesale
E 1149 Single-Six Right, Black	10.00	7.20
E 1159 Single-Six Right, Nickel	12.00	8.25

This lamp was produced with the idea of securing a spotlight which was thoroughly well constructed of the best materials, with graceful and light appearance and with lines that harmonize with the standard Packard lines.

The fact that we have sold three times as many of the present Driver's Delight as of any previous model, indicates that we have succeeded.

The brackets have been carefully worked out for all series Twin-Six and for the Single-Six. These lamps are generally used in pairs, one being mounted on either side of the windshield.

WINDSHIELD WINGS

Airflex

		Lots of 1 to 6	Lots of 6 or more	
	List			Wholesale
E 5140				
3rd Series				
Twin-Six	\$25.00	\$18.75		\$16.67
E 5145				
Single-Six	25.00	18.75		16.67

There are a great many different types of windshield wings on the market—the AIRFLEX has been adopted by us after thorough tests which have convinced us that this is the most substantial wing yet produced.

The ends of the arm are of case hardened steel - the arm itself being heavily chased so that a slight turn of the thumb screw will securely tighten it.

The glass is cut to conform to Packard lines.

TONNEAU WINDSHIELD

## Improved Perkins

	List	Wholesale
E 5147 Table Type Black and Nickel Twin-Six Phaeton	\$125.00	\$93.75
E 5148 Table Type Black and Nickel Twin-Six Touring	125.00	93.75
E 5146 Folding-arm Type Black and Nickel Twin-Six Phaeton	175.00	131.25
E 5149 Folding-arm Type Black and Nickel Twin-Six touring	175.00	131.25
<del>E 5151 Special Model for Single-Six Black and Nickel</del>	<del>100.00</del>	<del>75.00</del>

Any model can be furnished in full nickel finish at \$15.00 (list) additional.

There are a great many Tonneau Windshields on the market, but we have adopted the above shield after exhaustive tests. The trouble with the average shield is the rattle, or the fact that they get out of order so easily that the customer becomes dissatisfied.

See following page

GENERAL ACCESSORY DIVISION  
PACKARD MOTOR CAR COMPANY OF CHICAGO

LOVEJOY SHOCK ABSORBERS

		Less than 5 sets	5 sets or more
	List unattached		Wholesale
E 2771 Set of 4 For first and second series Twin-Six	\$115.00	\$80.50	\$76.48
E 2770 Set of 4 For third series Twin-Six	115.00	80.50	76.48
E 2772 Set of 4 for Single-Six	115.00	80.50	76.48

After exhaustive tests, we are convinced that the Lovejoy Shock Absorber is a fitting companion for the Packard car. It has been given laboratory tests the equivalent of two years running and has not developed a leak or a rattle.

This absorber is practically fool-proof as no adjustment is necessary. It adapts itself automatically to road conditions. It is small, compact, and does not detract from the appearance of the car. The attaching cost should not exceed \$10.00.

DISTEEL WHEELS

For Twin-Six and Single-Six

Sets of 5 or 6 Wheels

	List	Wholesale
Set of 5 Disteel wheels for Twin-Six complete	\$157.50	\$128.12
Set of 6 Disteel wheels for Twin-Six complete	202.50	151.87
<p>(When ordering please specify wheel size desired - 34X4½, used as standard on Twin-Six or 32X4½ used on Twin-Six, when low rakish effect is desired. Also specify 56° or 15° tilt carrier bracket.)</p>		
Set of 5 Disteel wheels for Single-Six complete	140.00	105.00
Set of 6 Disteel wheels for Single-Six complete	173.00	129.75

(33X4 wheels only are furnished for the Single-Six. The degree of tilt of the carrier bracket is regulated by the stay rods, which can be shortened to suit conditions.)

See following page

DOUBLE TIRE CARRIERS

For Twin-Six and Single-Six

	List	Wholesale
E2750, 3-35 15degree tilt	\$49.50	\$30.00
E 2751, 3-35 56 degree tilt	49.50	30.00
E 2760 Single-Six	3950	27.50

The above wholesale prices include full nickel plated Yale padlock with dust cap, but do not include the extra rims. As in the case of all other prices in this book, war tax is included.

These carriers have been built strictly in accordance with our own specifications and, in so far as we know, surpass any tire carriers on the market in point of weight of material, strength, road clearance, and appearance. We have had considerable experience with various double tire carriers designed for the Twin-Six, but none of them have proven satisfactory. This experience has made it necessary for us to build our own.

The tire carriers for the Twin-Six are furnished in two degrees of slant - the 15 degree for the touring car or limousine,

TRANSMISSION LOCKS FOR SINGLE-SIX MODELS

	List	Wholesale
E 1560 Johnson Transmission lock for Single-Six sport model -	\$15.00	\$11.25
E 1561 Johnson Transmission lock for all other Single-Six models	15.00	11.25

IT LOCKS THE GEARS.

The Johnson Automobile lock is a gear shifting lever, an exact duplicate of the one now on your car, with the addition of a theft-proof locking device. It locks with a Yale key which operates a steel plunger. This plunger is forced downward between the gear shifting forks and prevents the gears from engaging in the transmission. There are no exposed parts. No intricate mechanism. Simple, durable and approved by UNDERWRITERS' LABORATORIES, Inc.

The Johnson Auto-Lock saves 15% on your theft insurance premiums. The insurance saving will pay for the lock.

TIRE COVERS

Allen made for Packard

		Less than 50	50 or more
	List	Wholesale	
Black Enamel 33X4½	\$7.00	\$5.25	\$4.66
Black Enamel 35X5	7.50	5.62	5.00
Black Enamel with Double Cream Bead 35X5	8.50	6.37	5.66

The Allen Tire Cover is, without a doubt, the most substantial tire cover on the market today - it is cut to perfectly fit the make and tread of the casing for which it is intended.

It is waterproof and is made to completely enclose both tire and rim. This does away with any possible chance of dust and moisture creeping in with their ruinous effects.

**IMPORTANT.** It is necessary to specify make of tire, style of tread, and tire carrier.

MIRRORS

Black Enamel

		List	Wholesale
E 2630	Twin-Six Fender	5.00	3.75
E 2631	Twin-Six Windshield	5.00	3.75

E 1174 Black Enamel 1st & 2nd Series	7.50	5.62
E 1176 Nickel plated 3rd Series	8.50	6.38

## STOP!

Stop right here! This little lamp has been a long time coming, but now it's here. A fine thing for either summer or winter driving, when slippery streets demand careful driving. This little lamp blazes the warning that prevents collision.

Operates automatically with the foot brake, well made, easy to attach. Our experience so far shows it to be reasonably free from trouble. It is called the "Protex."

ARTCRAFT TOPS

Comfort - Convenience - Style

	List	Wholesale	
	(attached)	(unattached)	
	F.O.B.	F.O.B.	F.O.B.
	Chicago	Chicago	Cleveland
Artcraft Top 3-35 Standard Touring Car only	\$685.00	\$529.00	\$521.00

We have been attaching Artcraft tops in our own trim shops for more than a year. They are proving to be satisfactory in every respect. In the beginning there were several difficulties to be overcome. These have, however, been entirely removed and we feel free to recommend the Artcraft top to you and to your Packard owners.

The standard top is furnished in black, but they may be had in maroon, brown, grey, or blue.

In addition to the plate glass window curtains, a complete set of light summer shower curtains is included.

THE SUNFLEX VISOR

	List	Wholesale
E 5160 Visor shields for Single-Six closed models	\$22.50	\$16.88
E 5161 Visor shields for Single-Six open models	21.00	15.75
E 5162 Visor shields for Twin-Six open models	21.00	15.75
E 5163 Visor shields for Twin-Six closed models	22.50	16.88

The windshield visor has become a very popular item, particularly with those owners who have occasions to use their cars against the sun.

Not only does it improve the appearance of the car, - eliminating glare, but also keeps rain, snow and sleet from the windshield proper.

Confusing distortions of vision produced by backlight reflections are no more.

The Sunflex Visor has proven itself entirely free of any defects, and is thoroughly guaranteed by us. It is light in construction, and stronger than any other visor on the market; the frame being the highest quality steel, electric seam welded tubing. It will not give, nor bend, and holds the glass solidly and scientifically in place. It will not allow the glass to loosen, vibrate, or break.

MOTOR RESTAURANTS

	List	Wholesale
E 5300 Restaurant Motor, 4 Persons	\$61.00	\$45.75

An equipment for four persons. Size  $17\frac{1}{2} \times 12\frac{1}{2} \times 9\frac{1}{2}$ . Complete with two quart thermos bottles; two food boxes; a domino sugar box; salt and pepper; and four each of knives, forks, spoons, plates, napkins, and cups.

E 5301 Restaurant Motor, 6 Persons	79.50	59.63
---------------------------------------	-------	-------

An equipment for six persons. Size  $17 \times 16\frac{1}{2} \times 9\frac{1}{2}$ . Complete with four quart thermos bottles, two large metal food boxes, domino sugar box, salt and pepper, and six each of knives, forks, spoons, plates, napkins, and cups.

THE SUNFLEX VISOR - continued

The glass is genuine Lockwood; of restful green to the eye, ribbed on the upper side, and "waved" on the other, to diffuse and reduce the heat of sun rays.

The fittings are brass, heavily nickel-plated.

For the Single-Six, we have two sizes; 40" for the Sedan -- having piano hinge; and 43" for the open car. The Sedan type can be had with either the telescoping or adjust able brackets, only.

For the Sedan the attachment is thru the medium of the piano hinge, necessitating drilling and tapping of the metal over the windshield top, for the eleven machine screws. For the open car, universal clamp brackets are supplied. In all cases the ribbed side of the glass is up.

Can be furnished in green amber or sand blast glass.

MOTOR RESTAURANTS-continued

	List	Wholesale
E 5321 Restaurant Motor, 4 Persons	\$63.50	\$47.63

An equipment for four persons. Size 19X15½X7½. Patent dust-proof channel rail. Complete with two thermos bottles, food box, sugar box, salt and pepper shakers, butter jar, and four each of knives, forks, spoons, plates, napkins, and enameled handled drinking cups.

E 5322 Restaurant Motor, 6 Persons	73.25	54.94
---------------------------------------	-------	-------

An equipment for six persons. Size 24X15½X7½. Patent dust proof channel rail. Complete with three thermos bottles, food boxes, sugar box, salt and pepper shakers, butter jar, and six each of knives, forks, spoons, plates, napkins, and enameled handled drinking cups.

MOTOR RESTAURANTS-continued

	List	Wholesale
E 5323 Restaurant Motor, 7 Persons	\$90.50	\$67.88

An equipment for seven persons. Size 21 $\frac{1}{4}$ X13 $\frac{1}{4}$ X11. Patent dust proof channel rail. Complete with four thermos bottles, four food boxes, sugar box, salt and pepper shakers, butter jar, and seven each of knives, forks, spoons, plates, napkins, and enameled handled drinking cups.

THE JOHNSON UNIVERSAL SPARE TIRE-LOCK

	List	Wholesale
E 1570 Johnson Tire-lock 34" for one spare on both Twin & Single-Sixes	\$9.00	\$6.75
E 1571 Johnson Tire-lock 42" for 2 spares on Twin with 15° carrier	11.00	8.25
E 1572 Johnson Tire-lock 48" for 2 spares on Twin with 56° carrier	12.60	9.45

The Johnson Universal spare tire lock is made of a series of Pack hardened steel beads, which are held together by an air craft standard cable of 10,000 lbs. tensil strength. The lock is a yale which operates a steel latch locking behind the beads.

This is a new process - superior to case hardening.

FOLBERTH  
AUTOMATIC WINDSHIELD CLEANER

E 136 Black Enamel	7.50	5.61
-----------------------	------	------

This is a good thing for driving against a rain or snowstorm. Good all year around. It operates automatically at any speed you require. Keeps the windshield clean for clear vision.

This little devise operates on the vacum principle, a small copper tube is tapped into the intake manifold which runs through the cowl and up the windshield. The cleaner is set in operation and stopped by turning a thumb screw at the top of the instrument. An area 22 inches in diameter is kept clean by the Folberth.

MOTOMETERS

	List	Wholesale

E 174 Motometer De Luxe Type	15.00	11.25
E 177 Motometer Truck and Tractor Type	10.00	7.50

PACKARD MOTOR MASCOT

For Twin-Six and Single-Six

E 1345 Motor Mascot	10.00	6.67
---------------------	-------	------

Not long ago a man came into this office with a radiator ornament - said it was symbolic of Packard performance and that we should offer it to our owners - said it was quite the thing these days - that artists were making a serious effort to produce worthy designs.

We put one on our Show Room car - people liked the effect - so we produced a thousand from this man's design - Chicago, New York, Boston, Philadelphia, Denver, took them all.

It is cast of silver bronze and then heavily silver plated - easily attached to radiator cap in conjunction with either the standard or De Luxe type motometer.

Imitations of Packard Motor Mascot are appearing in the market. They are infringements on the original.

NICKELPLATED RADIATOR SHELLS

PACKARD MOTOR CAR COMPANY OF CHICAGO

RADIATOR AND LOUVRE COVERS -continued

We have developed these radiator covers in our own shops because they had to have some real character, which would harmonize with the finish and design of the distinctive Packard radiator. These covers are constructed of the highest quality fabricated material, with shoulder of heavy enamel duck, and lining of heat retaining felt. They fit because they are carefully tailored.

The louvre covers give considerable additional protection and are highly recommended for extreme weather. They are attached to the hood by strong steel rubber covered clips, which prevents damage to the hood enamel. They are made of high grade fabricated material and stiffened with book binder's buckram.

CLOCK

## Dash Type for Single Six
