## IMPORTANT

*The purpose of this booklet is to present in simplified and readily accessible form the information, relative to the new 1942 Packard cars, most frequently wanted, as is covered in greater detail in trade letters and other literature.*

*The delivered prices of cars suggested herein include a charge for unloading, assembly of equipment and accessories, inspection, testing, cleaning and polishing, filling with oil, water and gasoline, and otherwise making the car ready for road operation and delivery to the customer's premises. The gasoline tank of all model cars should be filled. Anti-freeze when required should be charged for extra.*

*Specifications and suggested prices quoted herein are subject to change without notice.*

*The prices shown apply only in the United States.*

*Your suggestions for making this booklet more helpful are solicited.*

**STANDARDIZED CHARGES FOR TRANSPORTATION  
FROM THE PACKARD FACTORY IN DETROIT  
TO THE CUSTOMER**

The following charges apply on new 1942 Packard cars shipped from the Factory in Detroit and delivered in (this) ..... Distributership area.

(The charges as quoted in Trade Letters should be inserted by the local distributor or dealer).

Six Special .....	\$ _____
Six Custom .....	_____
Eight Special .....	_____
Eight Custom .....	_____
Super-8 One-Sixty .....	_____
Custom Super-8 One-Eighty..	_____

**FACTORY DELIVERY CHARGES**

These charges are billed to and paid by the Distributer or Dealer on whose account the car is delivered. They do not include Anti-freeze. They are included in the retail delivered price of the car to the customer.

WHEN DELIVERED TO:	MODEL OF CAR	
	Six and Eight	160 and 180
Customer .....	\$17.00	\$20.50
Distributor or Dealer .....	11.00	13.00
Hotel, boat dock or other point in Windsor or Detroit outside of the Factory, in addition to the above charges .....	1.50	1.50

The above preparation-for-delivery charges include assembly of equipment and accessories, inspection, testing, cleaning, polishing, filling with oil, water and gasoline (Model 110—17 gallons; Models 120, 160 and 180—20 gallons), and otherwise making the car ready for road operation.

**LOADING AND DECKING CHARGES**

- Decking, no charge
- Loading on railroad car or truck, no charge
