DEALER LETTER

Los Angeles, California  
December 28 1931

TO ALL CALIFORNIA PACKARD DEALERS:

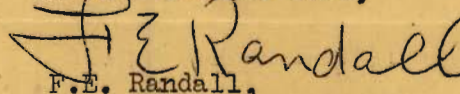

SUBJECT: RING GEAR AND PINION PIECE NUMBER # 141461

When ordering Ring Gear and Pinion for models earlier than eighth series, it might be necessary to ship the new fine tooth gear which is now being used on the 9th series car.

This Gear is interchangeable with the exception that it is slightly larger in diameter and it is necessary to chip a small amount out of the differential housing to get the gear in the case, otherwise everything will fit satisfactorily.

Yours very truly,

EARLE C ANTHONY INC.,
