Subject TECHNICAL LETTERS 1874 AND 1875

TO BE NOTED AND INITIALED BY

Gentlemen:

Through an error in our Mailing Department, the following two technical letters were distributed to all Packard distributors and dealers instead of to Packard distributors only, for whom these letters were intended:

Technical Letter 1874. Subject: Bonnet Side and  
Door Assemblies

Technical Letter 1875. Subject: Radiator Repairs

The prices quoted in these letters are distributor net prices only and no billings at these prices will be made to dealers.

Will all dealers please destroy their copies of these two letters?

Very truly yours,
