

# PACKARD MOTOR CAR COMPANY

DETROIT, MICHIGAN

June 2, 1930

To

PACKARD DISTRIBUTERS AND DEALERS

Subject

SALE OF PACKARD-DIESEL AIRCRAFT ENGINES

TO BE NOTED AND INITIALED BY	
<i>[Signature]</i>	

Gentlemen:

The sale of Packard-Diesel aircraft engines is being handled entirely out of this office.

There are many advantages, from our standpoint, in this method of distribution.

Servicing of these engines is, at present, part of the work of the Aircraft and Marine Engine Division.

The list price of the engine is \$4,025.00, which includes propeller hub, oil cooler and nose cowling.

Discounts are being allowed to the following only:

Manufacturers of Aircraft  
Operators (Air Transport)  
Army and Navy

This for your information - not for publication.

Kindly refer all inquiries pertaining to aircraft or marine engines to this office. Your assistance in this regard will be appreciated.

Yours very truly,

PACKARD MOTOR CAR COMPANY
