Gentlemen:

In figuring prices for all model cars, please note the difference in price of lacquered and black metal tire covers. The accessory price list of February 1, 1932 gives complete information for each type.

The size of the Twin Six tires and, therefore, tire covers, has been changed from 7.00 x 18 to 7.00 x 19 - or, the same as used on the 903-904.

In the Accessory Price List dated February 1, 1932 under the heading "Trunks - for rear rack, except 645-745-128 Models," the "128" should be erased. The trunk rack for the Light Eight is the same size as for the 901-902-903 and 904 models. Our present line of trunks will fit both the 128 and Twin Six.

Yours very truly,
