Subject **SUPPLEMENTS FOR STANDARD SPECIFICATION MANUAL**

TO BE NOTED AND INITIALED BY	

Gentlemen:

We are mailing, under separate cover, new supplements dated January 1, 1932, for the Standard Specification Service Manual. These include suggested operation prices established for the 905-906 car, revisions in operations on the 900-901-902-903 and 904. There is also a revision for clutch plates on exchange which supersedes page 94 of Price Book No. 24. These clutch exchange prices are effective November 15, 1932.

All other operations listed in the manual (if you have added the prices sent out in Trade Letter T-2582) are the same. The 903-904 prices and operations, except those listed on the new sheets are to be used for the 905-906 Models.

After making the revision in Parts Price Book No. 24, page 94 - insert these supplements in your manual and destroy the supplements for the 900 dated April 1, 1932 and the revision for the 901-902-903 and 904 dated March 15, 1932.

These suggested price supplements are being sent out no charge and additional copies will be supplied upon request.

Yours very truly,

PACKARD MOTOR CAR COMPANY
