To PACKARD DISTRIBUTERS AND DEALERS
 (Attention of the Service Manager)

Subject NEW SECTIONS FOR SERVICE MANUAL

REFER TO THIS LETTER BY NUMBER

TO BE NOTED AND INITIALED BY

Gentlemen:

A reprinted section of the Packard Standard Service Manual covering Section One complete is being sent to you for each Manual on record in your organization. These should replace the Part One sections now in your Manuals as they contain all operations on the Six and Eight cars back to the 116 and include the 426 and 336 models.

A new index is supplied which lists times and prices as formerly. In addition an index listing the operation symbols in numerical order will be found.

We are at the present time completing time studies on the 336 and will supply you with sheets covering the "bogey times" as soon as they are completed.

We are also sending an insert for Part Two covering Standard Sizes and Adjustments. These should replace pages five thru ten in Part Two.

Please make sure that all of your Manuals are brought up to date with these additions.

Yours very truly,

PACKARD MOTOR CAR COMPANY
