Subject PARTS PRICE SUPPLEMENT

Gentlemen:

We are attaching Parts Supplement #1 effecting Parts Price Book #26 and Packard Maintenance Charge Manual, date of June 1, 1934.

Will the Service Managers kindly see that your Maintenance Charge Manuals are corrected according to these suggested prices, and then refer this supplement to the Stock Managers so that they may change their records accordingly. After making these changes it will bring both of these books up to date. New pages for the Packard Maintenance Charge Manual showing these changes will be issued shortly.

Yours very truly,

PACKARD MOTOR CAR COMPANY
