Subject SERVICE MANUAL INSERTS

TO BE NOTED AND INITIALED BY	
AKH	

Gentlemen:

We are attaching the Service Manual insert covering the Gasoline Gauge now being used. This insert should have accompanied General Letter G-689.

They are to be placed in the proper position in Part Two of your Service Manual and a quantity equal to the number of Manuals which you originally purchased are being supplied. Should you require any additional copies, they will be supplied upon request to the Service Literature Department.

It is our intention to issue inserts for the Manual at rather frequent intervals. We consider it very important that special attention be given to having these actually inserted in the proper place in the Manual. Part Two of the Manual will be of real value if it is maintained with current information.

Very truly yours,

PACKARD MOTOR CAR COMPANY
