To PACKARD DISTRIBUTERS AND DEALERS

Subject SPECIAL SERVICE EQUIPMENT INSERTS (Revised)

TO BE NOTED AND INITIALED BY	

Gentlemen:

We are attaching one set of revised Service Equipment Inserts for your Service Maintenance Hand Book. Please remove all Service Equipment sheets now in your Service Maintenance Hand Book and destroy them in order to avoid confusion on prices. Two new Service Equipments adapting Twelfth Series aluminum heads and single coils to earlier models have been added.

The assembling of all special Service Equipment data into a single handy reference group should appeal to all service salesmen as a valuable addition to their store of Service information. Extra sets of these inserts are available without charge. We suggest dealers requiring more than one set pass requests through the distributor under whom they operate.

Yours very truly,

PACKARD MOTOR CAR COMPANY
