Subject PACKARD STANDARD SERVICE MANUAL

TO BE NOTED AND INITIALED BY	

Gentlemen:

We are mailing, under separate cover, to Distributers new indexes to be inserted in Part One of the Standard Service Manual. This index will make your book complete to date.

There are two indexes being supplied, one lists the operations in alphabetical order and the other lists the operations by operation number. These should replace the indexes now in use.

This material is being shipped without charge in sufficient quantities to replace the ones in your Manuals. Additional copies of the indexes may be ordered and will be shipped bound in paper covers at 50¢ each.

A new manual will be published shortly which will include indexes and specifications for the 626 and 640 model cars.

Very truly yours,
