Subject:

In every case where difficulty is encountered in maintenance, operation, performance, quality of materials or design, we request that you forward to this office a descriptive letter or query giving the condition, what corrective measures, if any, have been taken, and the result. Do not overlook giving the motor number, model, body type and mileage.

Your co-operation will be very much appreciated and your reports will receive prompt attention.

Any suggestions will be welcome.

H. T. Jorgensen,  
Service Manager.
