## Service Bulletin

No. 8

Date 2-3-33.

*To:* ALL DEALERS AND BRANCH MANAGERS  
*Subject:* EDUCATIONAL SLIDE FILM SERVICE

In view of the fact that we are not receiving the educational slide films as often as in the past, we do not feel it advisable to send our projectors out on a regular route each month.

We are, therefore, keeping them here and ask that when you have need of a machine for showing any of the films, you write to us giving the date that you want them. A projector will be shipped for this date, if it is available. It is possible, of course, that there will be occasions when the machine is in use and, hence, it would be well for you to notify us at least a week in advance of the time that you need them.

N. H. Peterson,  
General Manager of Service.

**Make every owner a salesman.**
