Since releasing Special "Sell More Parts" Bulletin No. 122, covering cylinder and piston assemblies, as well as a wide variety of piston assemblies, we have decided to add the 236-33 and 336-43 to the list. The special prices that have been assigned are much lower than the original exchange rates, therefore, the exchange plan on these cylinders is cancelled. Do not return to the factory any blocks of the models listed below.

For your convenience we are consolidating in this Bulletin all the passenger car cylinder and piston assemblies that are still available at special prices.

\*The 236-243 cylinders will be furnished only with cast iron pistons and 7/8" pins for motors with or without oil rectifiers. Specify which is wanted. If you wish to remove rectifier, order in the regular way, No. 97411 Rectifier Removal Equipment.

Suggested prices are "Special Close-Out Prices" and are established to liquidate surplus stock. Your customary parts discount applies as usual.

Yours very truly,

PACKARD MOTOR CAR COMPANY
