Subject: SPECIAL SERVICE TOOL MANUAL

Attached is a copy of "Manual of Special and Other Service Tools for Packard" prepared by The Kent-Moore Organization. This Manual illustrates and describes the tools listed in the "Survey and Order Blank for Packard Special Service Tools" recently distributed by your Zone.

These essential tools are required to best service Packard cars. The minimum requirements, according to the size of the Dealer's new car quota, are shown on the price list which is inserted in the manual.

The tools shown were developed to service Clipper models. However, many of them are equally useful on earlier models. The complete model application for Packard cars 1935 through 1946 is shown in the Tool Application table on page 3.

In developing the tools, The Kent-Moore Organization worked in close cooperation with Packard and each tool was tested under actual working conditions before being accepted.

Please note that these tools are stocked, shipped, and billed by The Kent-Moore Organization on direct orders from Packard Dealers. No orders will be accepted by the Factory for billing on the monthly Zone parts statement.

Additional copies of the Manual may be obtained on application to your Zone Parts and Service Department or The Kent-Moore Organization, 485 West Milwaukee Avenue, Detroit 2, Michigan.

Very truly yours,

A handwritten signature in blue ink that reads "Theo. P. Thomas". The signature is written in a cursive style.

Theo. P. Thomas
Technical Service Manager
