Subject: HEAVY DUTY TRANSMISSION GEARS

New heavy duty transmission gears and transmission assemblies for use in hearses and ambulances and seven-passenger sedans in heavy service are now available through the Service Parts Warehouse.

While these special alloy shot peened gears will fit in all current transmissions, they are to be used only in the above models. Since the cost of manufacturing these parts is higher than standard parts, the prices are somewhat higher.

These parts may only be ordered on emergency order forms giving the owner's name and address and the vehicle number of the car in which they are to be used. These are not to be ordered for stock purposes.

The part numbers for these new parts are as follows:

901808	Transmission Assembly	2213-26, 2313
901818	Transmission Assembly	2222, 2322
901646	Transmission and Overdrive (R-11)	2213-26, 2313
901652	Transmission and Overdrive (R-11)	2222, 2322
419452	Clutch Shaft	2213-26, 2313
419460	Clutch Shaft	2222, 2322
419453	Countershaft Gear Cluster	2213-22-26, 2313-22
419464	Driving Shaft, 1st and 2nd Speed Gears and Bearings Assembly	2213-22-26, 2313-22
410706	Driving Shaft, 1st and 2nd Speed Gears and Bearings Assy. (R-11 Overdrive)	2213-22-26, 2313-22
410721	Driving Shaft, 1st and 2nd Speed Gears and Bearings Assy. (R-9 Overdrive)	2213-22-26, 2313-22

Very truly yours,
