Subject: RADIATOR CORES FOR ULTRAMATIC DRIVE
EQUIPPED CARS

We have had a few cases in which standard radiator cores have been ordered for cars equipped with the Ultramatic Drive.

The cores used on these cars are not the same as the standard since they incorporate an oil cooler in the lower tank. The cores for Ultramatic Drive equipped cars should be ordered under the following part numbers:

421937 - 2301
421921 - 2302-32
423062 - 2306-33

Very truly yours,

J. A. Carr, Manager
Parts and Service Department
