Bulletin

55T-44  
Dealer 35  
October 20, 1955

To: ZONES AND DEALERS

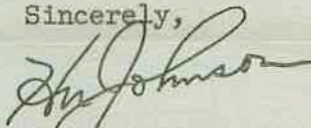

Subject: STAINED HEADLINING - 55TH SERIES CLIPPER

Please refer to your Service Technical Bulletin 55T-30, Dealer 21, dated June 28, 1955 on the above subject.

We have been informed that the 3M Weatherstrip Cement EC-711 listed in the bulletin is not available at the local jobbers.

Minnesota Mining Company advise us that 3M Weatherstrip Adhesive can be used to cement the insulation material to the roof. This adhesive is available at most all local parts and paint supply stores that handle 3M supplies.

Sincerely,

H. N. Johnson  
Assistant Service Manager
