

REFER TO THIS LETTER BY NUMBER

PACKARD MOTOR CAR COMPANY**DETROIT MICHIGAN**

December 3, 1928

To PACKARD DISTRIBUTERS

Subject INCREASE IN PRICE OF ROLLSTON BODIES

TO BE NOTED AND INITIALED BY

Gentlemen:

This letter cancels and supersedes that part of Trade Letter T-2364 pertaining to the list prices of the Rollston All-Weather Cabriolets, styles #7509 and #7509BD.

Due to the increase in manufacturing costs, it has been necessary for the Rollston Company to increase the price on all future bodies; however, this change in price will not affect Rollston bodies which are now on order.

Following are the new list prices which become effective on all Rollston bodies ordered for future delivery:

	List Price	Chassis Frt. to Body Bldr.	Combined List Price F.O.B. Body Builder
Rollston All-Weather Cabriolet-#7509-645	\$9660.00	\$61.80	\$9721.80
Rollston All-Weather Town Car-#7509BD-645	\$9845.00	\$61.80	\$9906.80

Rollston All-Weather Cabriolet bodies are subject to 30% discount only for both wholesale and retail business.

Please advise your salesmen of the change in price so that there will be no misunderstanding regarding Rollston bodies in the future.

As in the past, Rollston bodies will be handled by the Packard Motor Car Company of New York under Mr. G. C. Parvis' direction.

Yours very truly,

PACKARD MOTOR CAR COMPANY
