Subject: PACKARD NINTH SERIES REPAIR OPERATIONS

It will be some time before the ninth series times and prices covering repair operations for these models is available.

The operations for performing ninth series repairs are, in most cases, the same as operations on the eighth series cars. We ask that you be governed by the operations appearing in the Service Manual for the eighth series cars when doing any work on ninth series cars except in the operations listed below. This will enable you to handle ninth series cars on a flat rate basis.
