May 25, 1936

Subject REAR AXLE LUBRICANTS

Gentlemen:

On October 4, 1935, we issued Technical Letter No. 1972, on the subject of hypoid lubricants.

In this letter we emphasized the necessity of using only a Factory approved lubricant, since the character of such lubricant is under our constant supervision.

We have proceeded with our testing program on hypoid lubricants and the following list covers those products which have since been approved.

Trade Name

Manufacturer

Penola Expee

Pennsylvania Lubricating Company
Pittsburgh, Pennsylvania; and
Standard Oil Company of New Jersey

Enterprise Hypoid Compound

Enterprise Oil Company
Buffalo, New York

Elco 28

Elco Oil & Grease Company
Cleveland, Ohio

Veedol Hypoid Gear Lubricant

Tidewater Oil Company

Jesco Grade "A"
E.P. Lubricant

Jesco Lubricants Company
North Kansas City, Missouri

Multimotor Gear Lubricant
SAE-90 E.P.

Standard Oil Co. of California

Ironsides #132 Automotive
Gear Shield

The Ironsides Company
Columbus, Ohio

If your own local situation causes you to want to use any of the products listed above, their use is hereby approved.

This list will doubtless be increased as further lubricants are tested which are found to be satisfactory. The list is also subject to change if our tests show a loss of the proper characteristics in any of the lubricants already approved.

Yours very truly,

PACKARD MOTOR CAR COMPANY

T. A. Stalker
